## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.
2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.
3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.
4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.
5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.
6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

*per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for John's Disease with the biological product known as Johnin. Notice in writing of the intention of the purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1953, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or

- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## SPECIAL PRIZES

### **Class XVII.—Champion Heifer—The “Dunmore Park” Challenge Cup**

A Cup, to be known as the “Dunmore Park” Challenge Cup, presented by the late Mr. P. Forbes Jones, of Dunmore Park, Larbert, for the Best Shorthorn Heifer, bred by the Exhibitor, and calved on or after 1st December, 1953. The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession. Animals competing must have passed the Tuberculin Test.

### **Class XVIII.—Best Three Bulls—Auctioneers’ Challenge Cup**

A Silver Challenge Cup, the property of the Auctioneers, to be competed for annually, will be given for the Best Three Bulls in the Showyard, calved on or after 1st August, 1954, and bred by the Exhibitor or bought in as calves, and to have been in the Exhibitor’s possession at least three months previous to the date of the Show.

### **Class XIX.—Best Three Bulls by same Sire— The “Pittodrie” Challenge Cup**

A Cup, to be known as the “Pittodrie” Challenge Cup, presented by R. Laidlaw Smith, Esq., Pittodrie, Pitcaple, Aberdeenshire, for the Best Group of Three Bulls by the same Sire, the Sire and Dams to be in the possession of the Exhibitor at the date of the Show (death of the Dams or Sire in the Owner’s possession not to count against an Exhibitor). The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession.

### **Class XX.—Best Five Bulls—The “Lovat” Cup**

A Cup, to be known as the “Lovat” Cup, presented by Brigadier The Lord Lovat, D.S.O., M.C., Beaufort Castle, Beaulieu, for the Best Group of Five Shorthorn Bulls, bred by an Exhibitor, to be won Five Times in succession before becoming the Breeder’s property outright.

### **Class XXI.—Senior Champion Bull—The “Millhills” Cup**

The Cup, to be known as the “Millhills” Cup, presented by D. M. Stewart, Esq., O.B.E., Millhills, Crieff, for the Best Shorthorn Bull bred by the Exhibitor, and calved before 1st March, 1955, and not exceeding 2½ years old. The Cup must be won either Three Times in succession by any one Exhibitor, or Five Times altogether, before becoming his property.

### **Class XXII.—Junior Champion Bull—The “Second Linzee Gordon Trophy”**

The Cup, to be known as the “Second Linzee Gordon Trophy,” presented by Mrs. Claeson-Gordon, of Cluny Castle, for the Best Shorthorn Bull bred by the Exhibitor, and calved on or after 1st March, 1955. The Cup must be won either Three Times in succession by any one Breeder or Five Times altogether, not necessarily in succession, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., Perth, before 1st January, 1957.

### **Class XXIII.—Supreme Champion Bull—The “Uppermill” Challenge Cup**

A Cup, to be known as the “Uppermill” Challenge Cup, presented by Mr. James Durno, Uppermill, for the Best Shorthorn Bull, not exceeding 2½ years old, bred by the Exhibitor.

### **CONDITIONS OF COMPETITION FOR ABOVE CUP**

Animals must be entered for bona-fide sale at a Reserve Price not exceeding 100 guineas, and may not be bought back by the Exhibitor or return to his Farm or Herd. The Cup must be won Three Times by any one Breeder, but not necessarily in succession, and by different Bulls, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., before 1st January, 1957.

### **The "Herdsmen's" Cup**

This Cup will be known as the "Herdsmen's" Cup, presented by Señor A. M. Flores Pirán, Agricultural Attaché to the Argentine Embassy, London, to the Herdsman who brings out the Champion of the Show. The Cup will be presented in perpetuity, or may be won outright by a Herdsman who wins it for Three Years in succession, and is to commemorate the first occasion on which an Argentine Judge was responsible for the classification of Scotch Shorthorn Bulls at Perth.

**The Calrossie Prize for Herdsmen.**—£5 will be given by Capt. J. MacGillivray to the Herdsman in charge of the Champion Bull.

## **RULES OF COMPETITION**

**N.B.—Only one attendant with each animal will be allowed in the Judging Ring**

1st. Bulls and Heifers entered for Competition to have been bred by Exhibitor, or bought in as Calves, and in the Exhibitor's possession at least three months previous to the date of the Show, and to have Pedigree entered in Herd Book.

2nd. The Judges to pay special attention to Symmetry of Form, and fitness for Breeding Purposes, rather than Superiority of Weight or Condition.

3rd. No appeal to be taken after the Judges' decision.

4th. None of the Competitors allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.

5th. The Prizes are intended for, and can only be gained by Stock sent for *bona fide* Sale, and should any Prize Animals be withdrawn from Sale, or Sold privately, the Prize will fall to the next in order of merit.

Banchory Laddie is full brother to Banchory Just Right, 3rd prize winner at Perth in 1953 when sold to the Argentine for 1750 guineas.

Bapton Eldorado is one of the most successful sires of recent years. His sons and daughters are now showing that they can reproduce the qualities and character of this great sire—at Millhills Sale in October, 1955, Banchory Jason sired the top-priced heifer, the top-priced heifer calf, and the top-priced bull calf (10 of his progeny averaged £560).

Calrossie Capacity was exported to the Argentine and sold at a high figure.

Phopachy Great Event (sire, Kirkton Eventide; dam, Rothés Christobel) is the sire of Phopachy King Charles, sold at Perth in February, 1954, to the U.S.A. for 2400 guineas. He was also the sire of the junior and supreme female champion at the 1953 Adelaide Show. Kirkton Eventide (sire, Naemoor Marshal) was sold to Australia.

This pedigree shows a remarkable concentration of the Kirkton and Phopachy Queen of Rothés blood.

Beaufort Courtier has been used this summer on heifers in the herd.

Cruggleton Guthrie, the 4000-guineas Marshall-bred stock bull, with a double cross of Cruggleton Perfect in his pedigree, left a few outstanding calves in this country before being shipped to Edellyn—the top herd in U.S.A. These include Cruggleton Pirret, sold for 4400 guineas; Beaufort Crossbow, a 1st prize winner in his class, and sold to Ballechin for 3700 guineas; and Beaufort Cuptie, also a well-known prize-winner at Perth and at the Royal Highland Show in 1955, sold to Saltoun for 4300 guineas.

Cruggleton Pentland Firth is a 4000-guineas bull out of a Cruggleton Perfect cow. He bred with great success for three seasons in the Beaufort Herd. His sons include Beaufort Bulldozer sold at 5000 guineas; Beaufort Broadstairs, sold to Duncrahill at 4300 guineas; Beaufort Blackthorn, Beaufort Bartender, Beaufort Breakwater—all sold at 2000 guineas. Beaufort Benbow, Beaufort Bogoak, Beaufort Blackstone, and Beaufort Billboard were other successful stock bulls at home and overseas. Cruggleton Pentland Firth was 1st and reserve champion at the Royal Highland Show at Dundee, and also won championships at Keith, Turriff, and other local Shows.

This Butterfly line comes from Balthayock, and has proved successful at Beaufort, Cruggleton, and Aikbank. Both Cruggleton Braemar and Cruggleton Benedictus trace back to the 3rd dam.

Beaufort Bulldozer is the top sire in the U.S.A. His progeny have made history by winning male, female, supreme, and reserve supreme championships at the Chicago International Show in 1954. Calves by Bulldozer swept the boards whenever exhibited in the summer of 1955, for Edellyn, Ringwell, and Almahurst. Beaufort Bulldozer, who himself was never beaten in the show ring, was used extensively for one season in the Beaufort Herd. He was top sire at Perth in 1955, when Commodore and Chevalier sold for 5900 guineas and 2900 guineas respectively. The previous year Beaufort Brisket sold to Australia for 3600 guineas, while Beaufort Brave Baron went to Mitikile at 3300 guineas and Beaufort Borderer to Señor Duo at 1850 guineas—giving an average of £3727 10/- for five calves.

Banchory Mandarin won 1st prize in a very strong class at both Crieff and Perth Shows.

Cruggleton Cargill, now the stock bull in the herd of Mr. W. van Niekirk, South Africa, has already proved himself as a sire of top cattle. Sons and daughters have been exported to many parts of the world and have done well.

Banchory Blossom 5th, one of the best breeding daughters of Millhills Zeus, was the dam of a heifer (by Bapton Eldorado) shipped to Mrs. Stack, Bathurst, Australia, which won the championship at the Bathurst Show, and her bull calf (by Cruggleton Cargill) won the calf class.

Millhills Zeus left many grand breeding females in the Banchory Herd.

Millhills Napoleon is being re-sold owing to cancellation of order.

Representatives of this family have gone from Millhills to Australia, and have done well.

Millhills Groomsman's first crop of heifer calves (5 daughters in 1953) averaged £375. His dam, Millhills Luxury 7th, is full sister to Millhills Champion, sold to Capt. MacGillivray for 3600 guineas. Calrossie Claymore, the 10,100-guineas bull, is from a daughter of Millhills Champion.

Kinsman was used during his lifetime at Millhills. He sired Millhills Decider, sold at Perth for 1700 guineas; Millhills Despot, junior champion at Perth in 1947 and sold for 3000 guineas; Millhills Elect and Millhills Fortune, both sold at Perth for 1000 guineas. In 1950—Millhills Glorious and Millhills Goldmine were both class winners at Perth, and the former made 30,000 pesos in the Argentine. In 1951—Millhills Highlandman, reserve junior champion at Perth, and sold for 2000 guineas to New Zealand. In 1952—Millhills Jubilee won his class at Perth, and sold for 3800 guineas.

Cherrywood 17th's daughter, Cherrywood 18th, was sold to Kyalla Properties, at Perth in 1951, for 820 guineas.

Kirkton Hercules—see notes to Lot No. 156.

Lentrán Augusta Shirley is a lovely, dark red, two-year-old heifer. Her sire, Uppermill Resource, was sold for £4000 in the Argentine.

Beaufort Augusta 3rd, supreme champion at the Royal Show in 1947, was purchased for the Bapton Herd, when eight years old, for 900 guineas. Her last bull calf, by Kirkton Hercules, was sold for 5000 guineas to Señor O'Lissondo, in April, 1955. Her heifer calf is the best on Bapton this year. Beaufort Augusta 3rd is also the dam of Corrimony Golden Sovereign, who has had such a wonderful breeding record with the Anderson Brothers. Without a doubt, Beaufort Augusta 3rd is one of the great matrons of the breed to-day.

Calrossie Hyperbole is regarded as one of the best bulls in the breed to-day. He was got by the great Calrossie Welcome, and his dam is the 1050-guineas Rothes Flower by Naemoor Marshal. He has been retained in the Calrossie Herd to assist his illustrious sire.

Tolquhon Snow Queen, a beautiful, young cow, was purchased from her breeder, Mr. John L. Sleight, at a high price.

Bapton Principal is an 850-guineas son of Bapton President.

Broadhooks Baroness is closely related to Señor Enrique Santamarina's world-famous Kirkton Drum-Major, who is full brother to Bapton Lament, used for a couple of seasons in the Bapton Herd before being exported to the U.S.A.

Passed Complement Fixation Test for Johnes's Disease on 21st Nov., 1955.

Calrossie Highland Monarch—see Reference to Sires (A).

Calrossie Hilary Broadhooks, one of the very best cows in the herd is the dam of Calrossie Classic, sold for 1100 guineas, and grand-dam of Glamis Double Dash, sold to Lawton for 2200 guineas in 1955. She is a full sister to the 3000-guineas Calrossie Baronet, who was used very successfully at Naemoor and Crichton Mains.

Kirkton Baronet, one of the greatest sires the breed has ever produced, needs no further comment.

Calrossie Honora Broadhooks is the well-known show cow at Calrossie. Her successes include the female championship at the Royal Highland Show.

The sires and females in this Calrossie Broadhooks family are worthy of special attention.

## REFERENCE TO SIRES

---

**Mr. Robert M. Adam, Newhouse of Glamis, Glamis, Angus.**

- (A) CALROSSIE HIGHLAND MONARCH (386899), calved 20th April, 1951, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Calrossie Welcome; dam, Calrossie Goldie Lass by Glastullich Fortress; g.-dam, Calrossie Goldie by Calrossie Randolph.

Calrossie Highland Monarch was purchased privately at Calrossie after he had been retained as a stock bull from the crop of calves that averaged £3664 10s. for 13 at Perth in 1952.

His first crop of bull calves in the Glamis Herd, eight in number, won the following prizes:—The groups of five and three as well as the reserve junior championship at Perth; the championship and reserve at Aberdeen; and the championship at Perth March Sale, all in 1955, when they sold as follows:—Glamis Grand Slam, 5500 guineas to Mr. James Schofield for export to Argentina; Glamis Newsreel, 3000 guineas to Capt. R. S. de Q. Quincey; Glamis Gay Monarch, 2300 guineas to Messrs. Williamson Bros., Australia; Glamis Double Dash, 2200 guineas to Major P. H. Henderson, D.F.C., Lawton; Glamis Gay Gordon, 1700 guineas to Mr. R. Laidlaw Smith, Pittodrie; Glamis Rothes Knight, 1600 guineas to Mr. J. W. Lugsdin, Australia; Glamis Prince Norman, 500 guineas to Messrs. Dalgety & Co. for export to New Zealand; and Glamis Grand Parade, 125 guineas to Mr. D. C. Lamond, Wreaths. This gave the very high average of £2221 for his total crop.

Calrossie Highland Monarch has also proved an exceptional breeder of females. His yearlings and heifer calves are very favourably commented upon by the breeders who have seen them.
